Dread Word, "Socialism"
Women Campaigning
Only \$5,000 for the Lord
Grant's Great-Grandson

BY ARTHUR BRISBANE

MR. HOOVER told 22,000 people
in Madison Square Garden, and
on the radio, that Governor
Hoover's program amounts to state
socialism.

It is a terrible word, SOCIALISM,
and shocked when they hear
it will be Hobnob Dupont Woodburn
Harrington and the other borns derbs
who left the Republican party
goes for Smith.

To the Wall Street mind, social
means taking away your
parts taxing your income putting
your children in a sort of state
factory where they are all brought up together.
But perhaps Hobnob Woodburn
will have enough information to tell
us.

GOVERNOR SMITH has ruled
New York, and really RULS it, for
many years with great disregard
of some of the more important
legislative acts, and the other
New York legislators elected on
the socialist ticket were to be kicked
out although legally elected.

Early Voting Urged

Voters in the county will not be
inconvenienced by waiting in line at
the polls. Mr. Keefe believes if they
will go to the voting places early
in previous elections many precinct
polls have become jammed with voters
a short time before closing time, and
though clerks sat around most of the
morning with very long lines to do it,
those who are able will go to the
polls early this condition will not be
repeated this year. Mr. Keefe believes.

Women play an important part in
this election.

Helen Wells is for Hoover. Hobo
and Pinchot a champion in their line.

Mrs. Woodrow Wilson, home from
Europe says Smith will surely be
elected.

Baby Peggy of the screen on
the other hand, has left the Demo
cratic party and is for Hoover.

Mrs. E. S. Dodge dies leaving
one million. Nineteen thousand
to friends \$5,000 to a Presbyterian
church for balance to relatives
the thousand out of \$1,000,000 given
to the Lord seems small. In old
days when heaven and hell were
more literal, it would have
been thought a sin to give \$800,000
of the \$1,000,000 to religion and
to sure of salvation.

With an increase of nearly 1,200
in the city registration it is predicted
that the vote in the city and county
will exceed all previous records.
The increase however will be
partially offset by the establish
ment of several new precincts
in the city was restricted follow
ing the last primaries.

League Declarer Vote

Secretary of State Brown gave elec
tion board officials authority in 1926
to provide extra equipment and help in the
organization of the heaviest vote in the
history of the Bluegrass state. He re
quested that approximately 27,000
votes will be cast in the state on
Nov. 6.

Brown has ruled that all qualified
voters who are in line or in voting
places when time arrives for closing
the booths must be allowed to cast
their ballots. He has appealed to
voters to go to the polls as early as
possible and is asking factory owners
and officials to allow their men to
vote in shifts to prevent congestion in
the exam.

Brown instructed all election off
fices to count presidential electoral
votes first on election night and to
report the results as speedily as pos
sible to the secretary of state's office
in Columbus. He asked that the state
and county boards be counted next
the judicial ballot third and the
ballot on the proposed state constitutional
amendment relating to judges, etc.

EARLY VOTING URGED

Citizens Asked To Help in Preventing Congestion at Polls

Although Clarence F. Brown secre
tary of state has given county elec
tion board officials authority to pro
vide extra equipment and employ ad
ditional precinct clerks for the elec
tion Nov. 6, it is not thought likely
that such action will be necessary
here, it was stated today by A. W.
Keefe, secretary of the local board.
It is Keefe's opinion that the local
board has sufficient equipment in
the way of booths and ballot boxes and
that the regular precinct force of six
judges and clerks will be able to han
dle the election crowds here.
Keefe believes that it will not be
necessary to make any additional out
lay of money for clerks and equipment
for the coming election.

INDIANA MOTORISTS MAY LOSE LICENSES

Proposed Bill Would "Extinct- inate" Careless and In- different Drivers

Indianapolis, Ind., Oct. 24.—Indiana motorists who have failed to satisfy accident claims would be prohibited from driving automobiles until suit has been made, according to a bill the Hoosier Motor Club is considering submitting to the next session of the State Legislature.

The law which the Motor Club is considering would operate in this manner:

"No automobile collision with A is to blame. If A's car is damaged to the extent of \$500, but A is driving a \$50 driver and has no property 'Yes, I'm to blame,' he tells it. 'But you can't collect damages from me, I haven't any property that's never had and you can hire it if you want it.'

Under the existing law, it could require the judgment, but because A's lack of property, he never could collect. A could buy himself another \$50 driver and be in a position to delay about damaging property and lives of other car drivers.

With the proposed law in effect, it would go to court and obtain a \$500 judgment against A. Then A would be prohibited from driving a motor vehicle again until he had paid the \$500 judgment.

The proposed law would make everybody responsible for their accidents or keep them from driving.

Tom Stoep, Motor Club secretary-manager, explained,

No matter how much a man enjoys peace the hand keeps right on playing.

Nevada—The condition of Mrs. I. P. Mahler who was taken seriously ill at her home Friday remains unchanged.

Mr. and Mrs. Charles Hollingsworth of south of town and Mrs. Folk Lamp and son George, spent Sunday at the home of Mr. and Mrs. Virgil Fapp north of Marion.

Frank Swartz of Eden Center community is reported to be quite ill at his home.

The Eastern Star Sewing circle will meet Thursday afternoon at the

recent visit to the United States Hollywood was conspicuous in Mr. Nichols' illustrations. Included in the volume is a chapter devoted to Gloria Swanson, wherein La Swanson is quoted. Mr. Nichols offered some interesting remarks.

"When I grow old," he said, "I want to have an old beauty as well as an old body. I shall pray for wrinkles in my spirit to match the wrinkles on my face. I shall pray for the fire to die down in my heart just as it does down in my body."

As it was he said, taught me the importance of the subconscious. I had analyzed myself long before it became the fashion. I have been married three times—my first marriage was at sixteen—but if I had not analyzed myself I should have gone mad. Yet even now I know that I am still full of childhood inhibitions. I never think of a policeman as a protector only as a man who will try to persecute me.

Miss Swanson may still be in New York at this penning whence she went, it is reported, to attend to a legal matter and to confer with Joseph Kennedy concerning her next picture Queen Kelly. Rich Von Stroheim will direct.

JUNIOR CHAMP

KINGLY BACHELORS BID FOR PRINCESS

Ahmed Zugo of Albania and Boris of Bulgaria See Giovanna

Rome, Oct. 21.—The marriage of a beautiful Italian princess may rest the future peace of the Balkans.

This is the belief on European political circles as regards the bidding of two European kings for the hand of Princess Giovanna, 21 year old daughter of the Italian royal family.

Thrown by the whirl of events into the central European political intrigues, this girl, now a sort of "security bond" for countries seeking Italian support, has become one of the most sought after princesses in Europe.

Third daughter of the King and queen of Italy, tall, with dark hair and clean-cut features, she is considered strikingly pretty.

Royal Offers

During the past few years numerous bids have been made for her hand by princes of royal houses, but her two male suitors are now considered to be the newly proclaimed King of the Albanians, Ahmed Zugo, and King Boris of Bulgaria.

The former, elevated by the aid of Italy to a throne which has long been regarded as stuffed with thorns, is known to be anxious to secure a first guarantee of Italian support by a personal union with the royal family.

On the day of his ascension to the throne it was intimated that he would pay a visit to Rome, presumably for the purpose of asking the hand of Princess Giovanna.

On the other hand the betrothal of the princess to King Boris has long been a court rumor. It was two years ago that the rumor first gained ground, and only recently it was stated that negotiations with the Vatican to grant mutual concessions for the marriage, King Boris being a Greek Orthodox, were completed.

However, it is generally believed that Mussolini is the deciding figure in the background, and in some quarters it has been alleged that the Duke is using the princess as a puppet to strengthen the bonds of Italian friendship with her neighbors.

Undoubtedly, with four lies, the question as to whether this pretty young princess, ne'erthe less the Mahometan monarch, Ahmed Zugo, or the man often described as the "handsomest king in the world," King Boris of Bulgaria,

will be the suitor of Princess Giovanna.

It is the hope of the

London, Oct. 21.—The Society of British Aircraft Constructors have decided to hold a great Aero Show next July at Olympia, London.

It is believed that Great Britain will be the center of attraction in the aviation world next year, for the race for the Schneider Trophy will be held over British waters. The event having been won last September by the all-British Supermarine-Spitfire-Supermarine.

This will be of such importance that the leading people in aviation from all over the world will visit this country. For this reason it is considered that the time will be opportune for a great new show.

The last show was held at Olympia in July, 1929, when the aircraft industry was still more or less working under war conditions.

Eddie Clifford, Here Way Back in 1897, Recalls Era of Old-Time Minstrelsy

ONCE upon a time there was a place in the world of entertainment that was a definite place in the field of theatrical endeavor now past the standard minstrel show down on the horizon. It's a term that means the end of the minstrel man, the artist who was a busker or a busker who was washed up.

Chicago, Ill.—Immigration rules which concern non-citizen motorists coming from United States into Canada are being called to the attention of motorists by the touring bureau of the Chicago Motor Club.

A naturalized citizen should carry with him either his first or second naturalization papers.

Foreign born tourists who have to go out no papers must get in touch with the Customs House and arrange to be furnished with the proper papers that will permit reentry into the United States.

Strict rules against the return to the United States of anyone who is not a citizen apply at ports of entry. During the past few months there have been several cases where non citizens have crossed into Canada without proper papers and long term refusal to enter. They are now mailing opportunity to return under the quota law.
